### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Henniker, in the County of Merrimack, in said State, qualified to vote in Town Affairs :

You are hereby notified to meet at Town's Meeting House in said Henniker on Tuesday, the 14th day of March next, at nine of the clock in the forenoon, to act upon the following subjects :

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see how much money the town will vote to raise to repair highways and bridges.

4. To see how much money the town will vote to raise for school other than that required by law.

5. To see how much money the town will vote to raise towards paying its indebtedness.

6. To see how much money the town will vote to raise in addition to that required by law for the support of the Tucker Free Library.

7. To see what sums of money the town will vote to raise and appropriate to defray the expense of observing Old Home Week.

8. To see what sums of money the town will vote to raise and appropriate to defray the expense of observing Memorial Day.

9. To see how much money the town will vote to raise for the repairing and building of sidewalks.

10. To see if the town will vote to discount all taxes paid on or before June 1, 3 per cent; all taxes paid on or before August 1, 2 per cent; all taxes paid on or before October 1, 1 per cent.

11. To see how much money the town will vote to raise for the maintenance of its fire department.

12. To see if the town will vote to put in any additional reservoirs for protection against fire, raise money for the same or pass any vote relative thereto.

13. To hear and act upon reports of town officers, library trustees and committees.

14. To see if the town will vote to enlarge the high school building, so as to provide for the establishment of an intermediate grade, by building over and upon each of the two wings a second story, and to finish and furnish one of these rooms sufficiently for the use of the school, on or before the commencement of the first term of the present year.

15. To see how much money the town will vote to raise to carry out the intent of the previous article, and to elect or provide all necessary committees to receive and cause to be judiciously expended all the moneys necessary to the carrying out of the purpose of the preceding article.

16. To see if the town will vote to have the real estate re-appraised during the present year and determine the number of persons who shall be elected to constitute said board of re-appraisers.

17. To see if the town will vote to purchase one or more snow rollers, raise money for the same or pass any vote relative thereto.

18. To see if the town will vote to paint the engine house and town house and raise money for the same.

19. To see if the town will vote to instruct its highway agents to discontinue cleaning snow from the sidewalks during the winter months.

20. To see if the town will vote to insure the Tucker Free Library building.

21. To see if the town will vote to widen the highway near the dry bridge on Park street, raise money for the same or pass any vote relative thereto.

22. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways under the law passed at the January session, 1905.

Given under our hands and seal this twenty-fifth day of February in the year of our Lord nineteen hundred and five.

## REPORT OF THE BOARD OF HEALTH.

---

The health conditions of the town for the past year have been generally good.

Three cases of contagious disease have been reported to the board, two of measles and one of scarlet fever. In each of these cases the isolation and disinfection of premises required by law have restricted the disease to the premises in which it was discovered.

The fact of such restriction seems to justify the requirements of the law.

There has been no complaint of nuisance presented to the board during the year, and this fact leads us to hope that no troublesome nuisance has occurred and that our people have learned that it is better to prevent unpleasant and unhealthful conditions than to remove them upon complaint.

Some of the sewers of the village are not all that they ought to be, and some that are not in existence are imperatively demanded.

Is it not time now to begin a system of sewers that will in a few years and at a trifling expense make our village as pleasant and as safe as it ought to be?

## REPORT OF THE SCHOOL BOARD.

---

Schools have been maintained in all of the school houses in town outside the village with three exceptions for twenty-nine weeks.

The few pupils in Division 6 have been transported to Div. 7 for the year. The one pupil in Div. 12 has been cared for in Div. 1 and in Div. 2, (the old Crany Hill Dist.) No children of school age have been found for several years.

The Board has been more conservative in the matter of closing small rural schools than has been the case in many surrounding towns, and perhaps more than the economical interests of the whole town would warrant.

We have certainly given in some localities more weeks of school than has been properly appreciated by the parents of the pupils that should have been in attendance.

When whole families of healthy rugged children lose nearly twenty per cent of their opportunity as has been the record in several cases for the winter term just closed, and in two Divisions for the last two years, it would seem that the parents and guardians of such delinquents would have no cause for grumbling if unused privileges were somewhat lessened.

No business venture could long endure an annual loss of twenty per cent and is not the preparation of our children for future citizenship the most important business venture in which we are engaged?

If, as many prominent educators contend, the intellectual development of the rising generation is less important than their ethical improvement, the damage

resulting from the habits of irresponsibility, carelessness and neglect formed by pupils habitually tardy or absent is beyond computation.

The "Big Stick" placed in the hands of the school board by the truant law is sufficient to reach only the most flagrant cases and those but imperfectly.

An enlightened public sentiment will accomplish more toward correcting this abuse than all legislation yet enacted.

The graded school began its present year with new teachers at the head of each department and is, as we believe in a better condition in some respects than ever before, but the need of an additional department becomes more imperative each year.

We have never maintained but six grades below the high school instead of nine as desired and have crowded the last three years of preparation for the regular course into two years which we have called "Preparatory" and which has taken much of the time of the faculty to secure, at best, but imperfect results.

Could another room of sufficient size be provided to accomodate the 7th, 8th and 9th grades and a teacher installed therein, we believe better work would be done with the same number of teachers than is accomplished under existing conditions.

We must leave the solution of the problem in the hands of the tax payers of Henniker, who have been so generous in the support of our schools in the past, with the belief that it is doubtful economy to long continue present methods.

The check for \$25 so generously contributed by Mrs. Prendergast of Redlands, Cal., of which mention was made at our last annual school meeting has been used in part by the Board in the purchase for the High school library of "The Masterpieces and the History of Litera-

ture" in ten illustrated volumes edited by Julian Hawthorne and others. A part of the fund is still on hand for further needs as they may appear.

John O. Boody, as truant officer reports as the result of his October enumeration of children between the ages of five and sixteen that the number of boys attending school is 99, not attending 8. Number of girls attending 75, not attending 2. Of the ten pupils not attending 8 were under seven years of age and had not begun their school life.

The Roll of Honor and the statistical table are for the year ending June 1904.

Respectfully submitted,

GEO. H. DODGE,  
GEO. H. SANBORN,  
TILTON C. H. BOUTON,

## REPORT OF TRUSTEES FOR HENNIKER FREE LIBRARY.

---

The Library report for 1905 will contain the last report of Henniker Free Library and the first report of Tucker Free Library. The number of books in circulation the past year was 6009, a smaller number than before for several years, but accounted for by the fact that the Library was closed for two months preparatory to moving into our new and beautiful building.

We have not purchased any books during the past year, but many kind friends have remembered us. During the summer books to the number of 79 were given by Mrs. Morris Dowlin, Mrs. Lucy Connor, Mrs. Mattie Cheney, Nathan P. Sanborn, and Mr. A. A. Gordon of Worcester, Mass.

Since we moved into the new building 52 books in all have been given by Dr. George Sanborn, Mr. George Gleason, Mr. Levi Newton, Fletcher Bouton, Mrs. Emma Barnes, Mrs. C. A. Byron, Mrs. J. V. Sullivan.

Magazines for the coming year have been given by Sewell E. Huntington, Miss Anna Newton, Miss Hersey, Mrs. Emma Preston and Miss Nettie Preston.

We return sincere thanks for these and all other kindnesses.

## REPORT OF THE BUILDING COMMITTEE OF THE TUCKER FREE LIBRARY.

---

To the Voters and Tax-payers of the Town of Henniker:

On the 22nd day of September, 1904, the keys of the completed structure of the Tucker Free Library Building were handed over to the trustees of the Library, and the work of your committee was practically done. From our appointment at the annual town meeting in March, 1903, until the work was completed, it was our aim to look forward and to provide for the future as well as present needs of the town and library.

The provisions of the will of the late Geo. W. Tucker were carefully thought out. The gift of the land for a site and the additional gifts of money from Mr. Henry A. Emerson have made possible a building free from debt, and, in the opinion of your committee, fully adequate for the purpose for which it was intended. A description of the building is hardly necessary at this time. It stands open to the public and invites your inspection.

The committee wish hereby to express their thanks to the architects, Messrs. H. M. Francis & Sons; the contractors, The Nashua Granite Co., and Mr. S. A. Bunnell, and to all others, who by their skillful work and courtesy have aided in realizing the idea of the committee.

The original plans and specifications were altered as the building progressed so that expense was curtailed

along certain lines. The results have in every case justified the change. The final cost of the building (and furnishings) is \$16,446.57 as is shown by the treasurer's report.

At the dedication ceremony, a large number of people inspected the finished structure and all expressed satisfaction at the work. Since that time steel stacks accommodating 5000 volumes have been added and also other articles of furniture, mostly by gift. The committee wish to especially acknowledge the gift of a beautiful library clock from Mr. Willis Howe; of portraits of former residents and patrons of the library; of chairs from Lodge of Rathbone Sisters, of pictures from various sources and of other articles of furnishing from generous friends. The three thousand volumes of the Henniker Free Library have been re-catalogued and placed in their new home. Many additions have been made by gift to this collection, for which acknowledgement is made by the trustees.

The building thus built, adorned and furnished by many generous friends of the town is free for the use and benefit of the people of the town of Henniker and will be free to them and their children forever. May we all live long to enjoy it together.

Respectfully submitted,

H. A. EMERSON, Pres.

REPORT OF TREASURER OF TUCKER FREE  
LIBRARY.

The treasurer would say that the estate of Mr. Tucker has not been closed and the final amount paid over by his executor, for the reason that some of the property was so invested that more time was required by his executor in order to receive the full value of the estate. A letter recently received from Mr. French stated that he was in hopes to close up the business and make a settlement with the Judge of Probate during the spring or early summer, and that quite a sum would be paid into the Library fund in addition to what it has already received. The exact amount cannot at this time be stated, but can give some figures in regard to the manner the money has been expended which has already come into the hands of the treasurer, both for the building of the library and its furnishings, part of which according to the terms of the Tucker will there was no provision made, and for which Mr. Emerson has so generously come to the rescue, and made it possible to give to the citizens of the town, not only a building, but the furnishings of which will compare favorably with that of any town in the state, even though they may be more pretentious than Henniker; and for which we are not only grateful to the late Geo. W. Tucker, but to all others who have done so much to make it possible for the town to have so good and so substantial a library home.

Before another annual report is issued, the amount to be held in trust by the town, the income of which is to be used for the purpose of paying the annuities, and to help pay the running expenses of the library, can be fully determined.

In compliance with the Statutes and for the information of the public, Geo. C. Preston, Treasurer of the Tucker Free Library, begs to submit the following report of the standing of said library at close of business Feb. 14, 1905.
